

FARMERS SHOULD
TRY DAIRYINGThis Industry Will Make Farm-
ing Here a Permanent
Success(By W. D. Juday, County Represent-
ative)

In visiting the different farms of the county, the thing that impresses one most is the fact that those farms on which there is a herd of good milk cows, are the farms which are making the most clear money for the farmer. No farm income is as sure, steady and subject to so few changes as is the income from the cow. We must look to the dairy industry then to make farming in this county a permanent success. Probably the strongest argument for dairying is that it will maintain the fertility of our soil for all time to come. We buy fertility for the farm instead of selling it from the farm. Our lands grow richer and produce better crops each year instead of producing less, as is the case in grain or hay farming. Then too, if rightly managed, a herd should increase in value each year. We should also use a good sire so that the off-spring will be better than their dams. The milk scale, milk sheet, and Babcock tester should be on every farm. In this way the poor cows can be weeded out and the profitable ones kept. Another big advantage of dairying is that it makes possible the marketing of all our crops through the cow, and in this way we get double the profit.

Commendable progress has already been made in dairying in the county, and there is no doubt but that the industry will greatly develop each year. Milk scales are used on at least forty farms, nearly every country school has a Babcock tester with which to test the milk of the cows of the community and at least 90 per cent of the farmers are using pure bred or high grade sires. The general inclination is for each man to want to get the best animals possible.

Every farmer cannot afford to buy pure bred cattle, in fact such a step in most cases is not advisable, but every farmer can use a good sire and in this way, build up a high grade herd which in a few years will be worth twice as much as a scrub herd and more than twice as profitable. Each farmer ought to plan then to keep as many cows as his cleared land will permit, see that each cow that he does keep produces a profit and all the time aim to build up a herd which will be a little better each year.

BIG MUSKALLONGE
CAUSE OF DEATH

It is stated in a Sheboygan despatch that George Truttschell of Milwaukee, who lost his life by drowning in a lake near Milwaukee, was brought to his death by a huge muskallonge, which he had hooked while trolling in a canoe with Oscar Mittlestaedt, also of Milwaukee. Mittlestaedt said they were trolling from the canoe when Truttschell got a strike. The big fish put up a terrific fight, darting one way and then another. Truttschell was trying to tire the fish, when it suddenly swam to one side making a hard pull and capsizing the canoe, throwing them into deep water. Mittlestaedt came up near the canoe and held onto it until rescued. Truttschell did not rise and when rescuers arrived they found that his head was sticking in the mud in the bottom of the lake.

NUDE MAN RIDES
ON HAND CAR

Crandon has a male "Lady Godiva," who prefers handcars to stallow steeds. Several times recently railroad men in Crandon yards have been startled to see a hand car dash along the tracks, madly propelled by a stark naked man. Other times the man has been seen to walk naked through the yards. The handcars have always been left on the side of the track and in the yards, but attempts to catch the man have been futile. James Webber, caretaker, has attempted to catch him and several times has spoken to the eccentric pleasure seeker. It is believed the man is a sonambulist, or a railroad man whose mind is affected.

Mrs. Gust Nagel and daughter, Louise, spent Sunday with Monica friends.

LUMBERMEN PLAN
LITTLE LOGGING

Indications are that very little logging will be done in northern Wisconsin the coming winter states an exchange. The yards of wholesalers are filled almost to capacity and very few shipments are being made. Some hemlock is moving at prices so low that the profit is negligible but hardwood appears to be a drug on the market. One firm has shipped no hardwood since last February. R. H. Dounman, of New Orleans, president of the National Lumber Manufacturing Association, stated at a conference with the newly created Federal Trade Commission that the condition of the lumber industry for the last eight years has been one of demoralization. The lumber industry in the United States represents an investment of about \$2,500,000,000 and employs 695,000 men upon whom are dependent 3,475,000 people. Railroad demand at the present time is not over 50 per cent and export business which normally takes ten per cent of the product has practically ceased.

FIND GOOD AND
BAD AUTO ROADSC. P. Crosby Tells Of Auto-
mobile Trip Between Rhine-
lander and Ashland

Mr. and Mrs. C. P. Crosby accompanied by Misses Florence, Marion and Elizabeth, drove to Ashland last Tuesday to attend the meeting of the Wisconsin Real Estate Brokers at the Hotel Knight. Driving from Rhinelander over the Cassian road, thence by way of John W. Kelley's farm and onto the county highway to Tripoli and Prentice, they found some very fine roads, especially after reaching and passing Bluffton, from which point a splendid highway stretches its way for 70 miles to Ashland; all well graded, well taken care of and without a chuck hole or had culvert or mud hole. One can drive along with perfect confidence that every foot of the road is perfect, and there is no fear that at the bottom of a hill, or just around a corner that one will drive into a hole. Of course this condition succeeds by eternal vigilance, keeping men at work with rakes and shovels along the route, but it pays, for if it is worth while to build such splendid highways, it is worth while to keep them in order. Oneida county needs just such a system as this and will certainly have to have it.

The convention was well attended by men from all parts of the state who seemed to enjoy the visit to the north very much. Many of them had never been into the north country, and they were pleased with the fine crops to be seen everywhere. The Ashland Commercial Club entertained the visitors with a ride on the "Skater," a small boat which gives excursion on the Bay, and they were also entertained in various other ways, ending up with a banquet at the Elks Club, at which Mr. Crosby was one of the speakers. The Crosby party returned via Mellen, and Ironwood, Mich., thence east along the Northwestern line to Watersmeet, along another splendid highway, not only paved with crushed stone or iron ore, but oiled for miles, running through a very heavy forest of pine, hardwood and hemlock, for 30 or 40 miles without a farm, but every few miles a man would be seen with a rake, keeping the road in order.

From Watersmeet down, the party passed over the usual series of poor or merely passable roads, and could not help contrasting them with those in the north, where there are no people to use them. If this country is going to develop agriculturally or to get the advantage of the tourist trade, it needs a system of good roads, that are good all the way, and not marred by bad spots here and there. Take the travel that runs out of Rhinelander every day, on the Bundy or Hat Rapids road, and right at Dr. Rapids' farm, 3 miles from the city is about as bad a stretch as can be found, after a rain. There is old corduroy, and ruts, and a deep swamp each side. And the town of Crescent spent \$2500 this year further down where the road was already pretty fair, and overlooked this important place, that everyone must pass over in coming to the city. We ought to have a fine highway from the city to the Lincoln county line, and when we get it, we need men on the job every day to take care of the road.

Mrs. Julius Prenzl of Clintonville is the guest of her sister, Mrs. George Dusel. Mr. Prenzl is postmaster in Clintonville.

SUTTON RESIGNS OFFICE;
ASHTON NEW TREASURERCouncil Elects Carl Olson City En-
gineer and Superintendent
Of WaterworksOver \$3,000.00 More Discrepancies Found In The
City Treasurer's Office

Alex Sutton has resigned as city treasurer and superintendent of water works. The mayor has appointed S. H. Ashton to the treasurer's office, and Carl Olson has been elected by the council to the position of city engineer and superintendent of water works.

S. H. Ashton, the new city treasurer, is one of Rhinelander's oldest residents and for a quarter of a century has been manager of the Western Union telegraph office here. He is thoroughly qualified for the treasurer's office, and will no doubt prove an efficient and trust worthy official. His appointment meets with the general approval of the citizens of Rhinelander.

In the election of Carl Olson to the office of city engineer and superintendent of water works, the city has secured a competent man fully capable of discharging the duties of the office. He is a Rhinelander product, graduated from the local high school and later attended Wisconsin University, graduating from the engineering department with honors. He is an experienced engineer and has several good recommendations from former employers.

With but one dissenting vote the members of the common council accepted the resignation of Alex Sutton, as city treasurer and superintendent of water works, at the reg-

ular August meeting of the council Tuesday evening. Immediately following the acceptance of Mr. Sutton's resignation Mayor Anderle appointed S. H. Ashton to the position of city treasurer. The mayor's appointment was confirmed unanimously by the council.

The council then balloted on the candidates for the position of city engineer and superintendent of water works. For this place there were two applicants, Carl Olson and Ray Sorenson, both of this city. During the course of the balloting, however, the names of Ed. Bonnie and D. H. Vaughan were brought into the contest. On the first informal ballot the vote stood Sorenson 4, Olson 4, Bonnie 4. On the first and second formal ballot the vote was the same. On the third ballot the result was Sorenson 5, Vaughan 4, Olson 3. The fourth ballot showed no change. Olson's election came on the fifth ballot when the vote was Olson 7, Sorenson 5.

The report of the auditors of the Audit and Bond Company of America on the investigation of affairs in the city treasurer's office, beginning with 1905-6 and ending with 1910-11, revealed the discovery of over \$3000 more discrepancies since the last report on July 6. The report in full follows:

July 31, 1915.

To the Board of Public Works, City of Rhinelander, Wisconsin:

Gentlemen:—At your request, we herewith present, for the information of your Board and the Common Council of the City of Rhinelander, this, our second preliminary report of our investigation of the offices of your city covering the period, beginning with the fiscal year 1905-6 and ending with the fiscal year 1910-11.

We desire to call your attention to the fact, that in this period a vast amount of street and sewer work was begun and completed, which as you can readily see greatly increased the volume of business transacted in the offices of your City Clerk and Treasurer.

Thus far, our investigation has been confined conclusively to the office of City Treasurer and in this connection we have abstracted, reconciled and set up in tabular form:

City Orders,
School Orders,
Library Orders, and all other disbursements.

As against the above, we have abstracted and set up, under proper fund accounts all receipts and disbursements, for the period, as shown by the Treasurer's ledger.

We have checked all the orders and disbursements above mentioned into the Treasurer's ledger, but for want of sufficient time we have not checked the same back against the original vouchers, nor to the records of the Council or School Board.

The results of our investigation, to this date, are shown by a statement of discrepancies hereto attached and made part hereof, marked "Exhibit A" as follows:

Statement Of Discrepancies

Total discrepancies as per report, July 6, 1915, \$5793.91

Credit by amount refunded by Treasurer 5500.00

Balance due on report of July 6, 1915, 293.91

1906, water tax roll 5193.43

Reported by Treasurer as 4978.89

1907, water tax, Soo Ry. Feb. 1, '04 to Aug. 1, '06 1430.56

Reported by Treasurer 1330.56

1908, water tax roll 7051.18

Reported by Treasurer 7050.18

1909, water tax roll 7493.58

Reported by Treasurer 7471.65

1910, water tax roll 7895.79

Reported by Treasurer 7889.46

1908, April 11, footing Treasurer's ledger, 50364.75

General Fund account, folio 117 51364.75

Forwarded by Treasurer to folio 118 51364.75

1911, April, footing Treasurer's ledger, 52814.31

General Fund account, folio 399 51814.31

Correct footing 51814.31

1909, August 31, street improvement coupons, series 1-2-3, due Sept. 1, '09 450.00

Vouchered and paid to Treasurer, as per city order No. 11035 525.00

1909, Nov. 2, fourth series street improvement coupons, due Sept. '09, 14 @ \$25.00 300.00

Vouchered and paid to Treasurer, order No. 11230 340.00

Total amount to be accounted for to this date 62543.71

We would further report that the results, as shown by the above statement are final and conclusive as to the amounts due from the City Treasurer, and also of the further fact, that there are yet matters to be investigated which may increase the total of these discrepancies.

This preliminary report is made at your request, for the purpose of advising the Board and the Common Council of the city, of the progress of the work and the results attained.

Respectfully submitted,

F. J. LAURENT,
D. CALLAHAN,
Accountants in Charge.

August 3, 1915.

To the Board of Public Works, City of Rhinelander, Wisconsin:

Gentlemen:—Since filing our preliminary report of July 31, we have discovered further irregularities in the accounts of the City Treasurer as follows:

(Continued on fifth page)

EMIL KLOES TAKES
HIS OWN LIFE

In the death of Emil Kloes, chairman of the town of Three Lakes, Oneida county loses a good citizen and the county board an able member. Mr. Kloes took his own life Sunday in a private sanatorium in Wauwatosa, where he was a patient. He had been in poor physical and mental health since early last spring. He was alone when he committed the deed and his body was discovered by an attendant. His throat was cut.

Mr. Kloes' many Rhinelander friends regret very much to learn of his tragic death. He was a man whose genial nature endeared him to the hearts of all who knew him. To the grief stricken widow the New North extends its sympathy.

LOCALS TRIM UP
EAGLE RIVER TEAMFast Game Is Played In This
City Sunday—Score
4 To 1

In a well played game of base ball Rhinelander turned the tables on Eagle River and defeated them to the tune of 4 to 1 on the local diamond Sunday. Rhinelander started the scoring in the first inning when Bonnie, the first man up, got a base on balls and stole second and scored on 2 sacrifice hits. And then to make the game safe the Rhinelander boys scored two more runs in the 4th inning with one man out. Peterson came to bat and hit for three bases and scored himself on a wild throw to third base. Zumach pitched a good game, pulling himself out of tight places two different times. With the bases full and the Eagle River hard hitters up he would strike them out and retire the side without scoring. Bid Rabun made a satisfactory umpire.

Rhinelander will play a return game at Eagle River next Sunday, August 8. The boys would like to have a large crowd come along and root for them. It is a nice Sunday trip. The boys will make the trip in autos. Carroll and Bonnie will be the battery for Rhinelander.

TRY TO WRECK AUTOS

Sunday night large boulders were again placed in the Rhinelander road at about the same spot where they were put two weeks ago with the evident intention of wrecking a car, and perhaps murdering somebody. Whoever it is doing such criminal acts is getting pretty close to a term in Waupun which is just the right place for any one guilty of them.—Eagle River Review.

CARDINALS ARE LOSERS

The Rhinelander Cardinals met their defeat at the hands of Pine Lake at the fair grounds Sunday morning by the score of 21 to 2. The Cardinals, not having practice for a month, did not play their usual stiff game. Errors by Schafer on grounders were also in a measure responsible for their poor showing. The Cardinals will play the Crescent team next Sunday and the following Sunday will meet the Tigers for the champion kid team of the city; the Cardinals would like to hear from other teams.

For games write Harold Irick, Rhinelander, Wis.

WOOD AND BUSKEY
SECURE PRIZESRhinelander Marksmen Make
Good Showing at Wausau
Shoot Sunday

In the Wausau Gun Club tournament in Wausau Sunday T. C. Wood and Joe Buskey of this city were among the prize winners. Mr. Wood broke 84 out of 100 birds and Mr. Buskey made a record of 82. Other marksmen who participated in the shoot together with their scores are: J. H. Morgan 71, H. L. Garner 77, L. A. Leadbetter 75, J. A. Buskey 81.

Of the shoot the Wausau Pilot says: The initial tournament of the Wausau Game and Gun club was held last Sunday afternoon on Grand avenue, near Schofield hill. Eighty-seven trapshooters participated in the meet which was the largest number having participated in any tourney held in Wisconsin this year, outside of Madison. Every entrant was enthusiastic over the tourney and many compliments were given by the outsiders who were here for the event on the manner in which the entire affair was conducted. Thirteen thousand clay pigeons were thrown from the traps Sunday afternoon. Local officers have worked hard in making arrangements for this first tourney and it may be termed as a complete success.

Henry G. McCrossen won the silver trophy cup. He tied with William L. Covey but in shooting off the tie, Mr. McCrossen broke twenty birds in succession, while Mr. Covey hit seventeen out of the twenty. They each had broken ninety-two birds.

In the regular meet, C. Larson of Waupaca won the highest score, breaking 96 birds out of the hundred. The best all round score was made by the professional, C. C. Robbins of St. Paul, who broke ninety-nine birds of the hundred. Because of the number of participants in the tourney but one special event was carried out. This was won by Henry McCrossen who broke twenty birds in succession.

WANT TO RECALL
ANTIGO MAYOR

Petitions for the recall of Mayor I. D. Steffen were filed with the City Clerk at about three o'clock this afternoon by a committee consisting of A. L. Lauby, H. Fetters, and B. Skolinski. There were eight papers in all with a total of 530 names. The number of voters in the city according to the polling lists is 1432. Those who circulated the papers and swore that he believed the charges in the petition to be true are Joe Spoerl, A. L. Lauby, Al. H. Sengstock, Harry Fetters, Bruno Skolinski, Louis Kruk, Julius Below, and Art Williams. The first and last signatures on each of the petitions in their order are: Joe Spoerl, William Buettow, Al. Lauby, John Fink, Jake Hoffman, Leonard Vahl, Joseph Kelnhofer, John G. Bowler, Jake Weix, Thomas J. Suick, Peter P. Chadek, Al. Krueger, John Kunz, Richard A. Bloedorn, Art Williams, Bert Raymond.

The first signature on the petition was affixed on July 7th and the last on July 30th.

According to law the City Clerk must within ten days after the petition is filed examine or determine by the requisite number of electors whether or not the petition is signatory and he shall attach to the petition his certificate showing the result of his examination. If by the Clerk's certificate the petition is shown to be insufficient, the particulars of such insufficiency shall be set forth in such certificate and it may be amended within ten days from date of the certificate by the addition of signatures or otherwise.

If the petition shall be found to be sufficient, the Clerk shall certify and submit the same to the council without delay, and the council shall thereupon order and fix a date for holding the election not less than forty or more than fifty days from the date of the Clerk's sufficient petition is filed.—Saturday's Antigo Journal.

Henry Wubker Jr., is here from McNaughton today.

P. J. Koelzer returned today from a two months visit in Antigo, Madison and other cities.

The locomotive of the Soo line limited train No. 8 went into the ditch near Hawkins Monday morning. No one was hurt. The wreck delayed the train about four hours.

At the Bijou next Tuesday evening the big feature photo play, "The Garden of Lies" a Broadway production with Jane Cowell as the star will be offered to the patrons. This is a five reel picture.

Rhineland, Wis.

THE CITY IN BRIEF

William Rowe has taken a position in Woodruff.

M. V. Boyce was down from Woodruff, Friday.

Mrs. H. C. Rudquist of Superior is the guest of north side friends.

For Sale—Some second hand lumber, cheap. Inquire of C. A. Conro.

Mrs. Nell Coughay and children are visiting relatives in Manitowish.

Mr. and Mrs. John Oldenberg of Wausau spent Sunday with friends in the city.

Do you wish to get about \$1,500.00 on real estate security. See Lawyer R. J. Morter.

Mr. and Mrs. Bert Green and children are in Merrill visiting relatives and friends.

Buy it in Rhineland.

Miss Mabel Paulski returned to her home in Green Bay Saturday after a two weeks' visit here.

NOW IS THE TIME TO BUY 16 inch soft wood, both green and dry. Brown Bros Lumber Co. Phone No. 78.

William Fuller came down from northern Minnesota Friday and left Monday for a visit in Wausau.

A ten pound baby boy was born to Mr. and Mrs. John Manville, of Conro street on Wednesday of last week.

Mr. and Mrs. C. P. Crosby and children returned Friday from the real estate dealers' convention in Ashland.

Mr. and Mrs. William Rezin of Crystal Falls, Mich., were guests this week of his parents, Mr. and Mrs. John Rezin.

Buy it in Rhineland.

Mike Hickey, a former Rhineland resident, was in the city Friday on his way to his home in Antigo from Park Falls.

Misses Harriet and Mary Holley of Antigo and Miss Sheehy of Marinette were guests of Miss Jean Hamilton this week.

The Frankel family of Eagle River were Sunday guests of Mr. and Mrs. D. H. Hart. They drove here in their Overland car.

Buy it in Rhineland.

WANTED:—Competent second maid for small family. Apply to Mrs. Edgar Apperson or 109 S. Pelham St. Telephone 253-2.

Attorney Thomas Morse was in Minocqua Friday on legal business.

J. D. Raymond of North Crandon was in the city Saturday.

Joseph Seibel, state parole officer, was in the city the latter part of last week on official business and visiting his brother, P. F. Seibel.

The proceeds of the dance to be given at the Armory next Thursday night will be expended for new uniforms for the Rhineland City Band.

Flint Stone went to Chicago Friday and returned Monday accompanied by Mrs. Stone who was visiting her parents there for three weeks.

C. Eby, Soo line land agent, will make a trip to Milwaukee this week and may succeed in inducing a number of prospective settlers to locate in this county.

Gollmar Brothers' circus passed through this city over the North-western railway early Wednesday enroute from Ironwood to Antigo. The show is exhibiting in Crandon today.

Miss Louise Squier of Rhineland spent a few days as the guest of Miss Flo Stone. She departed Tuesday for Merrill where she will visit friends and relatives.—Tomahawk Leader.

W. F. Melo and George Smith of Green Bay, who have been altering the plumbing system in St. Mary's hospital, went to Marshfield Saturday to work on another hospital contract.

George Dunn is now driver of the American and Western express wagon, succeeding Douglas Foster, who has taken a position with the Rhineland Creamery & Produce company.

At the annual farmers' day gathering in Washburn, Friday, E. L. Luther will speak on "Agricultural Education." Prof. J. G. Milward and Prof. George C. Humphrey will also speak.

Buy it in Rhineland.

Andrew Burnink, representing Hardy & Ryan of Waukesha, was in the city Saturday and called on W. H. Gilligan Sr. and other friends. He is interested in lands in the western part of the county.

FOR SALE:—53 acres on Sand Lake 6 miles west of McNaughton, Wis. 7 acres under cultivation, 2 horses, 2 cows, 1 wagon, 1 stump puller and tools. Ideal place for summer resort. Three other lakes close by. \$1,500. L. R. Porter, McNaughton, Wis.

Local 66 of the International Brotherhood of Paper Makers will give a Labor Day dance at the Armory, Monday evening, September 6. Rick's entire orchestra will furnish music for this occasion. Tickets will sell for \$1.00.

Buy it in Rhineland.

Mr. and Mrs. Samuel Goldberg have arrived from Antigo and will make this city their future home. Mr. Goldberg recently purchased the "Fashion" from F. L. Crandall and will take possession of the store on August 2. The store will hereafter be known as "Goldberg's Fashion Shop." After making some changes in the interior of the building Mr. Goldberg will hold a grand opening, the date to be announced later.—Stevens Point Journal.

Mr. Goldberg is a brother of Joseph Goldberg of this city and formerly resided here.

Buy it in Rhineland.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THREATEN RAILROAD WAR

According to a man who is well posted in railway circles, a railway war is to break out between the new Wisconsin Northern railway and the Chicago & Northwestern, in the vicinity of Shawano and Langlade. The C. & N. W. is now building a spur track from Langlade to Antigo, which will take away a great deal of the trade now running into the Wisconsin Northern channel. This move may force the Wisconsin Northern people to build through, joining the Soo at Neenah, in order to save their trade in that territory.—Appleton Crescent.

TRIPOLI

A splendid close base ball game was played between the Phillips and Tripoli ball teams Sunday, an eleven inning game with the result of 5 scores for Tripoli and 6 for Phillips.

The Lyon Dramatic Company are holding a three night play at the Opera House.

Myrtle Isaacson, daughter of Peter Isaacson had the misfortune to have her hand drawn into a block while unloading hay dislocating two fingers and severely lacerating her hand.

A good game of ball is scheduled at Tripoli next Sunday between Kennan and Tripoli. A good game is assured.

Wm. Carpenter was presented with a baby boy Sunday.

NOT SO STRANGE AFTER ALL

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Rosie Rish, Wabash, Ind., writes, "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by All Dealers.

Mr. and Mrs. Owen Ryan are home from their Michigan trip.

Miss Elvira Carlson went to Escanaba Tuesday to visit friends.

APPLICATION FOR TRANSFER OF LICENSE

To the Common Council of the City of Rhineland:

The undersigned, D. Waite and William Daniels hereby apply for permission to have the license heretofore granted to J. A. Davis to sell intoxicating liquors in the city of Rhineland, Wisconsin, the location of the premises where such business was to be conducted being described as the north twenty feet of lot one, block twenty-four of the original plat of said city, transferred to themselves and the names of the bondsmen offered being the Fidelity and Deposit Company of Maryland.

Dated July 24th, 1915.

THE NEW NORTH.
THE NEW NORTH PRINTING CO.
AUGUST 5, 1915.
Entered at the Postoffice at Rhine-
lander, Wis. as Second Class
Mail Matter

No, kind reader, the beautiful fire
proof structure, which adorns the
Eagle lot on S. Brown street, is not
the new Eagle club house.

Great credit is due Mayor Anderle
for his wise selection of a city
treasurer outside of the politicians.
He laid aside the wishes of his po-
litical friends to give the citizens
of the city a good official. Who
could have done better?

Although it is alleged that Lieut-
enant Charles Becker, who was elec-
trotuted in Sing Sing prison Friday
for the murder of the gambler, Ros-
enthal, banked over \$100,000 of
graft money collected while at the
head of New York's strong arm
squad, he left his widow penniless.
Verily, the wage of sin is death.

When Sears & Roebuck get hold
of a county in which merchants do
not advertise, they hold a little joy
dance. Then they have a thousand
or so of their big catalogues shipped
to the town the paper came from, by
fast mail. "If those merchants in
that town don't want the business
we do," they remark. They get it—
How?—By advertising.—Exchange.

ABSENTEE VOTE LAW
The governor has signed the ab-
sentee voting law. The statute has
fifteen sections and takes effect at
once. Anyone whose business calls
him from home on election day may
vote.

Voters expecting to be absent
must apply to the county, city or
village clerk from fifteen to three
days before election, in person, and
file a special form of application for
a ballot, swearing to return it before
or on election day.

The ballot is to be accompanied
by an oath of franchise and neces-
sity of absence, drawn before a mag-
istrate. The clerk keeps the mark-
ed ballot in a special envelope, to be
opened at the election while the
polls are open. The ballot must be
sent to the election inspectors with
their blank ballots, if received in
time. The inspectors are to open
the envelope, announce the voter's
name, examine the signatures, and
deposit the ballot. The reasons
must be indorsed in case of rejec-
tion. The vote is subject to chal-
lenge and like regulations as other
votes. In case of the voter's death
before election, the ballot is to be
classified as defective, but the casting
of a deceased voter's ballot will not
invalidate the election.

False swearing is made perjury,
and failure to return the ballot is
punishable by a fine up to \$100 or
imprisonment for thirty days. Elec-
tion officials refusing to comply
with the statute are subject to a
fine up to \$1,000.

26 GAME WARDENS TO LOSE PLACES

Announcement has been made by
W. E. Barber of La Crosse, one of
the members of the new conserva-
tion commission, to the effect that
26 of the present deputy state game
wardens would be released imme-
diately after he assumes office on
Monday. The 33 wardens who re-
main will be known as conservation
wardens and will have charge of
forestry protection as well as their
former duties. Twenty-nine of the
present forestry wardens will be
retained.
Commissioner Barber will have
charge of the conservation and for-
estry wardens.

TEACHERS' EXAMINATION

Teachers' examination will be
held at the Training School, Rhine-
lander, Wis., August 16-19, begin-
ning each day at 9:00 A. M. The
following order will be observed:
Third Grade Certificate
August 16th, 9:00 A. M.
Composition and Grammar.
Reading and Orthography.
Physiology.
1:30 P. M.
H. S. History.
Civil Government.
Mental Arithmetic.

1:30 P. M.
English Composition, 2nd.
English Literature, 1st.
F. A. LOWELL,
County Superintendent.

NOTICE
Notice is hereby given that the
County Board of Oneida County,
will at a special meeting, held for
that purpose, at the court house on
the 15th day of Sept., 1915, sell, con-
vey and transfer, or order or di-
rect the sale, conveyance and trans-
fer of all tax certificates owned and
held by the county at less than the
face value thereof.
Dated Aug. 5, 1915.
J. J. VERAGE,
County Clerk.

BABY IN SUMMERTIME

ESPECIAL CARE NEEDED DURING
THAT SEASON.

First Requisite is That He Shall Be
Comfortable at All Times—Food,
Clothing and Bathing All
Highly Important.

(Prepared by the Children's Bureau, U. S.
Department of Labor.)

The long, hot days of summer are
trying to people of all ages, but are
particularly hard on the young baby.
He is more liable to illness, especially
to diarrhea, at this time, because he
is weakened by the heat and in a con-
dition where he is easily upset.

The object for which the mother
must work in summer is to make the
baby comfortable, for a comfortable
baby is one who is well. To make the
baby comfortable it is necessary to
consider how he should be fed, clothed
and bathed; how to keep him cool and
give him plenty of sleep; how to deal
with prickly heat and other summer
troubles, and, most of all, many times,
what not to do.

A baby who is fed regularly with the
right kind of food and no other kind,
except plenty of cool water to drink;
who wears little or no clothing during
the hot hours of the day and night;
who is kept clean with plenty of
baths; who sleeps in a cool, quiet
room, screened from flies and mos-
quitoes; who is handled very little and
is allowed to live a quiet, regular life,
will usually be a healthy one. A
healthy child makes a healthy grown
person, and every stone laid in the
foundation of a sound and normal
baby is just so much for the child to
build upon in the future.

Nothing is so necessary to the
health of a young baby as breast milk.
This is the food nature intended him
to have and on which he will nearly
always thrive. Any other food, how-
ever good the milk and however well
prepared, cannot take the place of
good breast milk, and no mother who
loves her baby will be willing to de-
prive him of this boon until she has
tried in every way to keep it for him.
This is true at all seasons of the year,
but it is especially true in summer,
when it is so hard to keep cow's milk
pure and sweet. Unless cow's milk
has been milked from clean, healthy
cows, by clean milkers, into pails that
have been scalded with boiling water;
unless it has been cooled at once and
kept cold until the food is made ready,
it is not fit for a baby. Milk which
is dirty when it comes from the cows,
or clean milk which is left to stand
about in open dishes, in a warm room,
exposed to flies and dust, should never
be used for the baby.

If, as sometimes happens, the moth-
er does not have milk enough for her
baby, she will need to add to it by
one or more bottle-feedings during the
day. In such a case every effort must
be made to get clean milk, to keep it
cool and prepare it in the right way.

In order that the mother may nurse
her baby successfully she should be-
gin about two months before the baby
is born to take care of the nipples,
washing them every day in warm wa-
ter and a mild soap, like castile, and
after drying them thoroughly, rub
them gently with vaseline, olive oil, or
some other softening application.

When the baby is about six hours
old he may be put to the breast, and
then at six-hour intervals for the first
day or two, until the mother's milk

comes. After that he should be
nursed every three hours from six
o'clock in the morning until nine in
the evening, nursing him regularly, by
the clock. For the first three months
he will need a night feeding, but after
four months he should sleep through
the night without nursing. When the
baby is six months old the mother
should begin to lengthen the interval
between feedings a quarter of an hour
each week until the length of time be-
tween nursings is four hours. The
baby needs no other food than breast
milk, except plenty of good drinking
water (which has first been boiled and
cooled) for the first eight or nine
months.

The nursing mother should have
plenty of good food. All good food is
milk-making food. What is impor-
tant is that it should please the moth-
er's taste, tempt her appetite and
cause her no headache, coated tongue
or gas on the stomach or bowels. If
the mother is well, the baby is pretty
sure to be well. Among the things
that most nursing mothers will digest
well and thrive on are fresh vegeta-
bles, nourishing soups, good bread and
butter, milk—sweet milk and butter-
milk—eggs, meat, fish, poultry and
fruits raw and cooked. Some of the
things that may give her indigestion
are heavy puddings, underdone cereals,
dumplings, too-fresh bread and biscuit,
pastries, or a lack of fresh vegetables
and fruit from the diet. It is better
to cut down the allowance of tea and
coffee to one cupful of each a day.
Plenty of good drinking water is need-
ed and it is a good plan for the mother
to have milk between meals and at
bedtime.

The nursing mother should have
plenty of sleep at night, and should
learn to relax and rest whenever the
baby nurses throughout the day. As
far as possible she should be relieved
of the heaviest part of the household
work, because if she is tired and worn
the baby will not thrive as he should,
as the mother's food has had to go to
supply her own needs and her milk
has been deprived of some of its nour-
ishing qualities.

It's easier to win a girl's hand than
it is to eat her bread.

WANT \$43,000 FOR COUNTY ROADS

While the members of the Oneida
county board are discussing the
matter of appropriating \$43,000 for
road work in the county, it is un-
derstood that no definite action will
be taken on the appropriation at
this meeting. Most of this session
has been occupied with the road
question. The board convened Tues-
day afternoon and will probably
adjourn late today. The usual batch
of bills were passed upon Wednes-
day.

Worse Than Work.
"After a man has loafed awhile,"
said Uncle Eben, "he generally de-
cides that he'd rather go to work than
be so lonesome."

Are you doing your share toward
boosting the Oneida County Fair?
If not it is time to get busy.

Some folks are blaming the war
for most everything these days—
they even claim it responsible for
the weather.

GOOD USES FOR KEROSENE

Excellent for Cleaning Glassware—
Will Remove Rust From Kitchen
Stove—For the Refrigerator.

A little kerosene added to very hot
water will make windows, looking
glasses and picture glasses bright and
clear. Use a small clean cloth, wring
it dry and rub it over the glass, after
wiping down the framework with an
oiled cloth. Then proceed to the next
window and treat it similarly on both
sides. After that go back to the first
one and wipe it dry with a large clean
cloth. No real polishing is required
and the window or glass will look
clear and shiny.

Kerosene will clean your hands bet-
ter than anything else after blacking
a range or stove. Pour a little in the
water, wash your hands in it, then
wash them in tepid water, and finally
with plenty of soap and a stiff brush
in hot water. If possible finish up by
rubbing the hands with lemon and
rosewater and glycerin.

When your kitchen sink is rusty rub
it over with kerosene.

Squeaks in shoes may sometimes be
prevented by dipping the soles in kero-
sene.

The white spots appearing in the
spring on the lining of your refrigera-
tor will disappear if you rub the zinc
with kerosene. Leave the refrigerator
open several hours, then wash with
water, soap and ammonia. The re-
frigerator will then be clean and
sweet and all spots will have disap-
peared.

To clean painted walls wipe them
first with a cloth wet in kerosene and
let stand 15 minutes. Then wash the
walls with good warm soapuds, but
do not rub soap on the cloth, or the
paint will be streaked. Rub spots of
tar or pine pitch on clothing in kero-
sene before washing them.

MANY WAYS TO SERVE EGGS

Albumen Water, for One Thing, is
Palatable and Highly Beneficial
for Children.

After a bilious attack or any other
kind of stomach trouble when a child
cannot digest the yolk of the egg, it
is possible to make the needed album-
en more palatable by poaching just
the white, removing the yolk before
the white is dropped into the poacher.
Of course this can only be done in
the transition period after the album-
en water (raw white shaken up in
water) is no longer strong enough.

Those who have babies generally
know how to make albumen water,
but for the benefit of those who do
not know, the proportion depends
upon the age of the child.

The usual formula for older chil-
dren is the white of one egg shaken
up in a glass of water, put on ice or
served with ice chopped with a little
orange juice for flavoring. If the doc-
tor will allow it.

A refreshing drink for a sick person
is the white of egg shaken up in two-
thirds of a glass of water, mixed with
the juice of a whole orange and half
a lemon, with a little cracked ice.
The acid cuts the albumen and pre-
vents the stringiness besides adding a
delicious flavor, cooling to a fevered
throat.

Beefsteak Pie.

Have butcher cut 1 1/2 pounds of
round steak into small squares. Put
meat, with one small onion chopped
fine, in frying pan with two table-
spoonfuls of butter and simmer for
a few minutes. Cover with boiling
water and boil—not too rapidly—until
tender. Add four potatoes, cut into
small cubes the last 15 minutes.
Make pie crust and line baking pan.
Prick and place in oven until dry but
not brown. Put stew into this, adding
one-half teaspoonful of chopped pars-
ley, one-quarter teaspoonful of black
pepper and one-half teaspoonful of
salt. Put on top crust and brown in
oven. Serve from baking dish. Mush-
rooms may be added with potatoes if
desired.

Fruit Sherbet.

The juice of two oranges, two lemons,
a pint of cream and a cupful of
sugar sirup (or less, depending upon
the fruit). Strain the juice and add
the cream and sirup, then freeze.
The proportion of ice and salt for
ice cream is one part salt to three
of ice.

For ices and sherbets use one part
salt to four parts of ice. For packing
use one part of salt to four parts of
ice. Use a gunnysack and a heavy
mallet to crush the ice.

Lentil Croquettes.

Take one pint of lentil pulp, one-half
pint of bread crumbs (entire wheat
preferred), three beaten eggs, two
tablespoonfuls of grated onions, one-
quarter cupful of butter. Salt and pep-
per to taste. Mix ingredients together,
cook in double boiler or steam until
eggs are set. Chill, then form in cro-
quettes. Dip in egg, roll in crumbs
and fry in deep fat. To add one-half
cupful of shredded English walnuts
or pecans imparts a rich, delicate fla-
vor.

Tongue Sandwiches.

Mince cold boiled tongue and mix
it with half as much finely diced cel-
ery. Moisten with mayonnaise and
to a cupful add a tablespoonful of
good tomato catsup. Spread between
white bread and butter.

Macedoine Salad.

Take an even quantity of cold,
cooked vegetables—peas, turnips,
beets and potatoes, cut fine. Add a
little minced onion. Cover with salad
dressing, mix lightly and serve cold.

A late shipment of Sweaters
gives us some very pretty pat-
terns for the season's comfort.
See the new shades, knit
and basket weave for men and
women at \$3.50 to \$8.00.

MRS. DONALDSON DIES SUDDENLY

Mrs. Abbie Bourne Donaldson,
mother of C. H. Donaldson of the
Mason-Donaldson Lumber Com-
pany, passed away suddenly Wednes-
day afternoon at her home, 216 E.
King street. Mrs. Donaldson was
alone in the house and the exact
time of her death is not known.
Her body, reposing on a sofa, was
discovered by her son at 5:30 that
afternoon. It is known that Mrs.
Donaldson was alive at 2 p. m. Wed-
nesday as she called up the Han-
cett grocery store over the tele-
phone at that hour.

For a number of months past she
had been in declining health and her
death is attributed to heart failure.
Mrs. Donaldson was born August
28, 1812 in Kenosha county, Wis.
Aside from her son she leaves one
brother who resides in Oklahoma.
The funeral will be conducted from
the residence Friday afternoon.
Rev. Campbell Gray of St. Augus-
tine's church will officiate.
An extended obituary of deceased
will appear in next issue.

ROOSEVELT

Glenn Swails left Tuesday for
Rosholt, S. Dak.

Mrs. C. Zirrow, Mrs. Ida Leh-
mberg, Miss Emma Know and Miss
Catherine Cammon autoed to Min-
ocqua Friday; the trip was made in
the Swails car.

Will Heinze of Chicago arrived
Tuesday morning and expects to
spend a couple of weeks on the
lakes here.

Dr. Chas. McIndoe and Ray Lal-
ly of Rhinelander spent Saturday
afternoon on the lakes.

Mrs. O. C. Swails landed a 22 lb
muskie Sunday.

Ben Johnson of Chicago and Tom

Cleave of Cavour are spending a
few days at the Lake View Resort.

The Misses Emma Knorr and
Catherine Cammon, neices of Mr.
and Mrs. C. Zirrow, and Mrs. Ida
Lehmberg returned to their home
in Chicago Saturday after spending
two weeks here.

Kurtis Froeder, Walter Teiple
and Ed. Knoernchild motored up
from Milwaukee Sunday to spend a
few days fishing.

G. Kurschus of Flint, Mich., re-
turned home Friday after spending
a couple of weeks with C. Zirrow.

While here he landed a 22 lb mus-
kie which he shipped to his home.

Dr. Jess and Mr. O'Neil and two
little daughters of Chicago came
up Saturday and spent Sunday with
Father Johnson and family.

Glenn, Warren and Carrie Swails
motored to Eagle River and Three
Lakes, Sunday.

LADIES HAVE ARGUMENT

After a long and heated debate it
was finally decided by the ladies
of the Visiting Nurse Association,
to hold a series of three benefit food
sales to start Saturday at LaSelle's
Sales Depot. Those wishing to or-
der early should phone to Mrs. Chas.
Peterson, Phone 233.

Look for Agreeable Things.

Don't look too hard except for some-
thing agreeable; we can find all the
disagreeable things we want between
our own hats and boots.—Leigh
Hunt.

Game in California.

California is one of the richest states
of the Union in game. The varieties
include deer, elk, moose, antelope, car-
ibou, wild turkey, pheasant, duck,
goose, brant, plover, snipe and rail.

Hawk's Wonderful Sight.

A hawk can spy a lark upon earth
almost exactly the same color at 20
times the distance at which it is per-
ceptible to a man or dog.

OUR PUBLIC FORUM

VII.—Hon. Elihu Root

On Woman's Sphere

The question of Woman Suffrage is an issue before
the American people. Twelve states have adopted it,
four more states vote upon it this fall and it is strongly
urged that it become a platform demand of the national
political parties. It is therefore the privilege and the
duty of every voter to study carefully this subject. Hon.
Elihu Root, in discussing this question before the Consti-
tutional Convention of New York, recently said in part:

"I am opposed to the granting of suffrage to women,
because I believe that it would be a loss to women, to all
women and to every woman; and because I believe it
would be an injury to the State, and to every man and
every woman in the State. It would be useless to argue this if the right of
suffrage were a natural right. If it were a natural right, then women should
have it though the heavens fall. But if there be any one thing settled in the
long discussion of this subject, it is that suffrage is not a natural right, but is
simply a means of government, and the sole question to be discussed is
whether government by the suffrage of men and women will be better gov-
ernment than by the suffrage of men alone.

Into my judgment, sir, there enters no element of the inferiority of
woman. It is not that woman is inferior to man, but it is that woman is
different from man; that in the distribution of powers, of capacities, of
qualities, our Maker has created man adapted to the performance of certain
functions in the economy of nature and society, and woman adapted to the
performance of other functions.

Woman rules today by the sweet and noble influences of her character.
Put woman into the arena of conflict and she abandons these great weapons
which control the world, and she takes into her hands, feeble and nerveless
for strife, weapons with which she is unfamiliar and which she is unable to
wield. Woman in strife becomes hard, harsh, unlovable, repulsive; as far
removed from that gentle creature to whom we all owe allegiance and to
whom we confess submission, as the heaven is removed from the earth.

The whole science of government is the science of protecting life and
liberty and the pursuit of happiness. In the divine distribution of powers,
the duty and the right of protection rests with the male. It is so through-
out nature. It is so with men, and I, for one, will never consent to part
with the divine right of protecting my wife, my daughter, the women
whom I love, and the women whom I respect, exercising the birthright of
man, and place that high duty in the weak and nerveless hands of those
designed by God to be protected rather than to engage in the stern warfare
of government. In my judgment, this whole movement arises from a false
conception of the duty and of the right of both men and women.

The time will never come when the line of demarcation between the
functions of the two sexes will be broken down. I believe it to be false phi-
losophy; I believe that it is an attempt to turn backward upon the line of
social development, and that if the step ever be taken, we go centuries back-
ward on the march towards a higher, a nobler and a purer civilization, which
must be found not in the confusion, but in the higher differentiation of the
sexes."

PERSONAL AND SOCIAL

Buy it in Rhinelander.
William Schlect was down from Monico Friday.
A. Hodges of Ladysmith spent Tuesday in the city.
Earl Meredith was here from Starks Wednesday.
J. M. Berkle of Eagle River was a Rhinelander caller Tuesday.
Charles Olsen was over from Prentice on business Tuesday.
Geo. Mellen of Goodman was in the city Monday.
Harry A. Chelsea of Merrill was a city visitor Saturday.
M. Block of Clintonville attended to business matters here Monday.
H. T. Liebert, the Wausau architect, was in the city Saturday.
George DeByle transacted business in Ashland Saturday.
George Langley Jr. of Merrill was in the city Wednesday.
Miss Louise Squier is home from a visit with Mrs. Himes in Merrill.
Mrs. L. C. Kirk and sons came home Monday from a visit in Green Bay.

Miss Margaret Slossen returned Monday from a month's visit in Mosinee and Wausau.
Paul Smith, who has a position on the Trout Lake forest reserve, spent Sunday in the city.
Mrs. Kate Pier and daughter, Mrs. H. Simonds of Milwaukee were here this week looking after their land interests.

Mr. and Mrs. M. Philipps of Wausau, who were guests of Mr. and Mrs. Peter Philipps, have returned to their home.
Dr. S. G. Higgins of Milwaukee was in the city Saturday and Sunday the guest of his sister, Mrs. George Hilgerman, and other relatives.

The interior of H. C. Peterson's meat market on S. Brown street is being newly painted and decorated and will present a most attractive appearance. Frank Alexander is doing the work.

About thirty members of Local 66 International Brotherhood of Paper Makers, enjoyed a picnic Sunday at Lake Thompson. A chicken stew prepared by a competent chef was served at noon.

Andrew Hansley, the well known mason of this city, makes a specialty of building pebblestone fire places. He is a first class workman and if you are contemplating installing a fire place it will be to your advantage to see him.

Mr. and Mrs. August Struve and daughter Erna, and Mr. and Mrs. John Krohn of Ogema, came over from Ogema Sunday in Mr. Struve's Maxwell and were guests of Mr. and Mrs. Thomas Wright. On their return home they were accompanied by Elaine and Allen Wright.

D. H. Vaughan and A. J. Lytle returned Tuesday from Tripoli where they have been laying out a twelve mile road from Tripoli north to Willow Lake. This highway opens up a fine stretch of farming country. Owing to the continued wet weather they were obliged to cease work but will return early next fall.

Wallace Young, son of Mr. and Mrs. James Young, former well known Rhinelander residents, has been engaged as instructor in the Nisland, S. D., high school at a salary of \$100 per month. "Wallie" has many friends in this city who will be pleased to learn that he is making good in the world.

R. H. Johnson came up from Wausau Friday to visit among relatives and old friends and join Mrs. Johnson who had been here several days. Mr. Johnson is one of Wisconsin's veteran newspaper men and has a wide acquaintance among the fraternity. He was formerly publisher of the old Central Wisconsin, now the Wausau Sun, and at the present time is on the Wausau Pilot.

Roman Woodzicka, chairman of the town of Tomahawk Lake, who was here attending county board meeting this week, stated that his summer resort, Sunflower Cottage, is at present accommodating about thirty-five guests with prospects that this number will be increased before Sunday. While the tourists were late in arriving this season the last few weeks have been record breakers for business with Mr. Woodzicka as well as the majority of other resort proprietors. Fishing in Tomahawk Lake is said to be a little better than usual.

Karo
(Crystal White)
For the best Preserves, Jams and Jellies.
One part Karo (Crystal White) and three parts sugar makes a heavier, richer syrup without the cloying sweetness of all sugar for preserves, and prevents crystallization in jams and jellies.

ORDER NOW.

MISS B. E. DOLAN CALLED BY DEATH

After an illness dating from June 23, 1914, Miss Bridget Dolan passed away at 4:40 o'clock Wednesday morning in St. Mary's hospital. From the beginning of her illness Miss Dolan failed steadily. Early last spring she was confined in Sacred Heart Sanatorium, Milwaukee, where she remained several weeks, but receiving no relief she returned to this city and entered the hospital.

Bridget Elizabeth Dolan was born March 16, 1865 in County Dublin, Ireland. At an early age she came to this country with her parents, locating in Filmore county, Minn. Fifteen years ago she came to Rhinelander and made her home with her brother, the late Felix Dolan. After his death she returned to Minnesota and again came here when her brother, Michael Dolan, took charge of the Alpine Hotel.

Deceased leaves two sisters, Mrs. J. J. Kelberer of Winona, Minn., and Miss Anna Dolan of this city, and three brothers, Thomas of Minneapolis, John of Chatfield, Minn., and Michael of this city.

The remains will be taken to Chatfield, Minn., where interment will be made Saturday.

Miss Dolan's death is received with deep sorrow among her many Rhinelander friends. She was a kind hearted woman, ready to aid the sick and needy at all times, and was a devout Christian. Sincere sympathy is expressed for the loved ones who are left to mourn.

BIG SALE OPENS AT SEIBEL STORE

J. T. Wilgen, representing Lewis Brothers & Co., of Minneapolis, is here to conduct a big forcing out sale for P. F. Seibel. This is the opportunity of a life time to secure new and substantial merchandise at prices never before heard of in this city. The store will be closed Friday to rearrange and mark down goods. Saturday morning \$25 worth of merchandise orders will be thrown away from the roof of the store. These orders belong to anyone who finds them. Only one order to a person. The sale will extend until the end of the month.

BIG ORE SHIPMENTS
During the month of July 560,000 tons of ore were shipped from the two Northwestern docks in Ashland and 147,300 tons from the Soo line docks there. Ore shipments have been heavier so far this season than in 1914 during the same period.

Scrapbook for Children.
A pretty and durable scrapbook for children can be made by sewing together several sheets of muslin of the desired size and pasting upon these pages bright colored pictures. The babies cannot tear these books and will derive much pleasure from them.

Odd Stones.
At a sale recently held in London 48 semiprecious stones were sold, on each of which is a natural representation of human heads or animal or bird forms.

Voracious Adjutant Bird.
The adjutant, or marabout, a bird of India of the stork species, will swallow a hare or a cat whole. It stands five feet high and the expanse of its wings is nearly fifteen feet.

STARKS

The first mass held at Starks was held here Friday morning by Father Wuchter at the home of Frank Druggist. There was quite an attendance and plans are being made to hold such services at least once a month.

Like apples? Grow 'em! Get your trees from The Rhinelander Nursery.

The Mystic Workers gave a hard times party Saturday evening which was well attended and was a very enjoyable affair also. Some came in rags, some came in shags and some in old fashioned gowns. Some very mirth provoking jokes were carried out. A home talent play is being planned for next month.

Mr. and Mrs. Addison Feevey and son autoed here Sunday.
L. Starks returned from Chicago Friday.

Mrs. Carl Schwenk spent Thursday with her mother, Mrs. Jack Malone.

Mesdames Walker and Hollands were Rhinelander callers Wednesday.

Mrs. Anderson of Marinette is spending a few days with her sister Mrs. Edwin Anderson.

Mr. and Mrs. Oscar Johnson returned Tuesday eve from Marinette where they were called by the serious illness of Mrs. Johnson's sister.

The Starks ball team lost in a game played with the Cavour team Sunday by a score of 1-6. Both teams put up a good fight the score at the close of the fifth inning being 1-0 but the Starks team finally lost out. A return game will be played at Cavour next Sunday.

Mrs. Fred Krueger spent Saturday in Rhinelander.

Mrs. E. Sheip was an over Sunday guest at the Riggle home.

Master Harold Hollands was operated upon Saturday at St. Mary's hospital by Drs. Higgins and Richards.

Mrs. Mabel McIntyre of Alman is spending a few days with her sister, Mrs. Clarence Jewell.

Mrs. J. H. Riggle was a Rhinelander caller Saturday.

Mr. and Mrs. J. Hess, Mrs. Pazdernik and Mr. and Mrs. Aug. Olson autoed to Black Lake Thursday.

Miss Alice Helmbrecht returned to her home near Antigo Wednesday, after spending a few days with her sister, Miss Anna Helmbrecht.

Mr. Hartman was here between trains Monday morning.

F. A. Lowell and family autoed through here Sunday.

A5-19

GERMAN PARTY, AUG. 15
Invitations have been issued for a German party at Gilligan's hall Saturday evening, August 14. This is the first of a series of six to be given this year. Rick and Danner's orchestra will furnish music. Louis Danner and Fred Gropengieser are in charge of the series. Tickets 75 cents, including lunch.

SUTTON RESIGNS OFFICE

(Continued from first page)

June 1, 1903, a duplication of a charge in the bond and interest account of. 375.00
April 15, 1911, a duplication of charge for school order No. 7912. 177.77
Total. 552.77
Total difference to be accounted for by Treasurer per report July 31. 2543.71
Total difference to date. 3096.48
You will note that the item of \$375.00 does not occur in the period covered by our contract, or under investigation, but prior thereto, being on June 1, 1903.

Respectfully submitted,
AUDIT & BOND COMPANY OF AMERICA.

F. J. LAURANT,
D. CALLAHAN,
Accountants in Charge.

A resolution introduced by Alderman McDermott that the accountants make further investigation of the treasurer's office for a period of five years back, or to 1900, was passed by the council.
A resolution was passed that the new treasurer report to the council each month on the receipts and disbursements of his office.
It was also voted that the new city engineer and superintendent of water works, work under the direction of the board of public works.
For this office no fixed salary was made but for the time being Mr. Olson will receive \$75 per month.
The petition for a street light on the corner of Alban and Edgar Sts. was referred to the board of public works.
The council accepted the report

of the license committee that the saloon license of the late John Davis be transferred to William Daniels and Dell Waite.

H. C. Zander was granted permission to place an ornamental canopy extending over the side walk in front of the Majestic theater.

A resolution that the proper city officers be authorized to borrow money from time to time as needed was adopted.

The council passed the new auto mobile ordinance introduced at the July meeting.

City Sealer Danfield's annual report was accepted. It was voted to defray the expenses of Chief of Police Straub to the convention of police chiefs in Milwaukee. The council voted to send no delegation to the municipality convention in Green Bay.

FOR SALE

Two story house with basement; very good lot with good well; house is steam heated. Located on west side. Wish to sell at once.

For further particulars inquire at New North office.

Revised.
All the world's a stage, and nearly all of us are getting the book.—Puck

Chopped Hair in Surgery.
Chopped hair has been successfully substituted for skin in skin grafting by a French surgeon, due to the fact that hair cells can be transformed into skin cells.

Mines in Warfare.
A land mine in warfare consists of a charge of high explosive buried in the ground, and arranged so as to explode when the enemy's troops are over it. Mines are also used in siege warfare, tunnels being driven under the enemy's fortifications and enormous quantities of high explosive placed in them.

Lost Nickel in a Mill Race.
A wealthy mill owner in a small town on the Wabash river, whose plant was operated by power derived from the waters of the river, several years ago accidentally dropped a nickel in the mill race. This man actually had his employees close the headgates of the race in order to secure his nickel after the water had emptied itself into the river.

A Bit to Think About.
On the doorway of an Italian cathedral are three inscriptions. The first, beneath an arch of roses reads as follows: "All that pleases is but for a moment;" the second, beneath a cross, "All that troubles is but for a moment;" and under the main arch, "That only is important which is eternal."

Blackness of the Crow.
It was satisfactorily established by the old writers that the crows got their blackness in punishment for their sins. It seems to have been a futile punishment, for there is no living thing that shows in its demeanor less evidence of a repentant spirit. Instead of being ashamed of their blackness, crows, as an Indian writer has said, "swagger in it, and pretend that they chose that exact shade for themselves."

Technical Error.
The small girl had lately been introduced to grammar, and had arrived at that degree of knowledge in which the critical spirit awakes. Consequently she aroused the echoes the other day with, "And for bonny Annie Laurie I'd"—a long pause—"lie me down and die."—Gazette.

OUR PUBLIC FORUM

VI.—F. C. Howe

On The Advantages of Free Ports

Mr. F. C. Howe, Federal Commissioner of Immigration, who is one of the best American authorities on marine commerce, in discussing the relation of free ports to the development of sea trade said in part:

"Ships will go hundreds of miles out of their way to avoid ports surrounded by a tariff wall. The only way, therefore, for a country with a tariff to compete in the shipping world with a free trade country is to establish free ports at strategic points along its coast line. Germany has done so, and in a comparatively short period has built up a carrying trade which before the war was seriously threatening England's supremacy. Hamburg, one of the three German free ports, now ranks as the second greatest seaport in the world, its total foreign commerce in 1913 being only \$6,000,000 under that of New York.

The free port would offer great opportunity for financial operations, now made possible by the recent currency act. It would stimulate international banking, and would tend to shift the financial center of the world to this country. And America, by the logic of events, has become the natural center for the world's financing, just as London became that center several centuries ago, when it shifted from the cities of the Netherlands. But the financial center will only move to this country when it becomes a clearing house of goods as well as of money. For credit the world over is created by current created wealth in transit or change so that even our financial expansion is dependent upon the opening up of American ports to the clearance of the wealth of the world. A port should not operate to yield a return on the investment, but to develop the prosperity of the country." In recapitulating the advantages, Mr. Howe brings out the importance of the free port in developing our shipping, and linking us with South America, Asia and Africa, and then concludes:

"The most important gain is the direct gain to America. It will cheapen commodities by bringing great quantities of goods to our doors for importation or export, as trade needs demand. It will stimulate the growth of exporting houses, which can hold goods for an indefinite period without the payment of tariff dues (often equal to the cost of the article itself) for disposal to meet the trade demands of the whole world. It will uphold international credit, and shift to America an increasing and ultimately a predominant share in international exchange.

Finally, America is the natural country to be the counter of the world. Its sea-coasts face every other continent; it is the greatest of all reservoirs of raw materials and foodstuffs. In iron and steel and standardized production it is in a position to compete with the world. But international trade (and this is always overlooked) must be reciprocal. It cannot be one-sided, and credit balances cannot for any prolonged period be paid in gold. They can only be paid by exchange of wealth."
